Saw

By Leigh Whannell

Help! Someone help me!
Is someone there? Hey!
Shit, I'm probably dead.
You're not dead.
Who's that? Who's that?!
There's no point in yelling, I already tried it.
Turn on the lights!
Would if I could.
What the fuck is going on? Where am I?
I don't know yet.
What is that smell?
Shh! Hang on a second, I think I found something.
Holy shit!
HELP!!! HELP!!! Help!
No one can hear you.
What the fuck is this?
Calm down, Just calm down.
Are you hurt?
I don't know. Yeah!
What's your name?
My name is Very Fucking Confused!
What's your name? What's going on here?
My name is Lawrence Gordon. I'm a doctor.
I just woke up here. Just like you.
Ah!
Recognize him?
No.
Well, do you have any idea how you got here?
No.
What's the last thing you remember?
Nothing.
I went to bed in my shithole apartment,
and woke up in an actual shithole.
So what about you, huh?
Well, there's... there's not much to tell, really.
I was on my way home from work and uh,
I don't remember anything else.
First dead body I've ever seen.
Look different in real life.
They don't move.
From the looks of these chains,
someone didn't want us
to go very far either.
Can you see any scars?

What?

Huh? This is what they do, man.

They kidnap you and drug you
and before you know it, you're in a bathtub
and your kidneys are on eBay.

No one has taken your kidneys.

How can you tell from way over there?

Because you'd either be in terrible agony,
or you'd be dead by now.

Trust me.

What are you, a surgeon?

Yeah.

So, you gonna tell me your name, or what?

Adam.

Well Adam,

what we need to do
is start thinking about why we're here.

Whoever brought us here
could've killed us by now.

But they didn't.

They must want something from us.

Question is what.

That clock.

What about it?

It's brand new.

So?

So, somebody obviously
wanted us to know the time.

Wait, I think I might be able
to reach that door.

What is that?

Excuse me.

It's a tape.

Where did you find it?

It was in my pocket.

It says "Play me."

Come on, come on, come on...

Throw it over here.

Fuck.

No?

Use your shirt.

What?

Your shirt.

Come on...

It won't work.
Well, look around,
there must be something else you can use.
There's nothing.
Well there must be something!
Come on. You can do it.
Come on, come on, again.
Rise and shine, Adam.
You're probably wondering where you are.
I'll tell you where you might be.
You might be in the room that you die in.
Up until now,
you simply sat in the shadows,
watching others live out their lives.
What do voyeurs see
when they look into the mirror?
Now, I see you as a strange mix,
of someone angry and yet apathetic.
But mostly just pathetic.
So are you going to watch yourself
die today, Adam?
Or do something about it?
I don't get it.
Throw me the player.
No, you throw me your tape.
Look, we're going to have to work together
if we want to get out of here.
Now, just throw it to me.
I'm not going to risk breaking it!
You throw me your tape!
Dr. Gordon, this is your wake-up call.
Every day of your working life,
you have given people the news
that they are going to die soon.
Now you will be the cause of death.
Your aim in this game is to kill Adam.
You have until six on the clock to do it.
There's a man in the room with you.
When there's that much poison
in your blood, the only thing left to do
is shoot yourself.
There are ways to win this
hidden all around you.

Just remember:

X marks the spot for the treasure.
If you do not kill Adam by 6:00,
then Alison and Diana will die, Dr. Gordon.
And I'll leave you in this room to rot.
Let the game begin.
Give me that. Now.
...then Alison and Diana will die,
Dr. Gordon.
And I will leave you in this room to rot.
Let the game begin.
Give me that. Now.
...then Alison and Diana will die, Dr. Gordon.
And I'll leave you in this room to rot.
Any idea who that is?
Let the game begin.
He knows us.
Wait a minute.
What do you think?
Probably a joke, right?
Shh, shh!
Let the game begin.
Listen...
...Follow your heart.
What the hell does
"Follow your heart" mean?
There! Right next to you, on the toilet.
Come on, come on.
Oh man...
Anything?
No solids.
Take off the lid.
Come on!
I really wish I had checked in there first.
Huh. What is it?
Hey! Mind passing me the other one?
Fuck! Fuck!
He doesn't want us
to cut through our chains.
He wants us to cut through our feet.
I think I may know who's done this to us.
What did you say?
It's not someone I know personally.
It's... just someone I know of.

Jesus Christ! Tell me, who is it?
The last I heard...
the police still hadn't caught him.
And the only reason I know that
is because I was a suspect.
I'll start from the beginning.
This one's not fresh anymore.
At least three weeks out.
Victim's a 46-year old male.
Died of massive blood loss.
Mostly through the femoral artery.
He started at the back of the cage
and tunneled his way
through that razor wire so fast
it's amazing he got as far as he did.
Cut himself so deep, we found
traces of stomach acid on the floor.
We also found this.
Hello, Paul.
You are a perfectly healthy, sane,
middle-class male.
Yet last month, you ran a straight razor
across your wrists.
Did you cut yourself
because you truly wanted to die,
or did you just want some attention?
Tonight, you'll show me.
The irony is that if you want to die,
you just have to stay where you are.
But if you want to live,
you'll have to cut yourself again.
Find the path through the razor wire to the door.

But hurry. At 3:

and then this room becomes your tomb.
How much blood will you shed
to stay alive, Paul?
The door was on a timer.
It was unlocked until 3:00.
Then it slammed shut.
He was given two hours.
Jigsaw piece.
I think we're gonna be here for a while, Sing.
The newspapers started calling him

the "Jigsaw Killer. "

Actually, technically speaking, he's not really a murderer. He never killed anyone. He finds ways for his victims to kill themselves.

Hello Mark. If you're so sick, then why do I have so many photos of you up and about? Let's put your so-called illness to the test. Right now, there is a slow-acting poison in your veins. The antidote is in the safe. The combination to the safe is written on the wall. Hurry up and program it in. But watch your step. And by the way, that's a flammable substance smeared on your body, so I would be careful with that candle, if I were you... Help!!!!

...or all the people you've burned with your act just might have their revenge. I found something else. Well, two things, actually. There was someone standing outside here watching through this peephole. Looks like our friend Jigsaw likes to book himself front row seats to his own sick little games. He was there at the last one as well. Only this time, he left us his penlight. Get a rush on the prints. Copy that.

Okay. This patient has an inoperable frontal lobe tumor extending across the midline. Started as colon cancer. The patient has come in for a standard checkup by which we are able to monitor the rate at which his condition is declining. The patient had...

His name is John, Dr. Gordon.
He's a very interesting person.
Thank you for that information, Zep.
As you can see, our orderlies
form very special bonds with the patients.
Continuing on, the patient...
Dr. Gordon, Dr. Lawrence Gordon, please page the operator.
Obviously, someone doesn't want me
to tell you what the patient has. Excuse me.
Dr. Gordon, I'm Detective Tapp...
this is Detective Sing, City Homicide.
Very impressive.
Oh. Thank you, I do my best.
Sorry to interrupt you while you're working.
That's fine.
Now, how can I help you gentlemen?
Are you able to tell us where you were
between the hours of 11:00 p.m.

And 1:

Why is it that you're interested?
We'd like to ask you
a few questions about it.
For your sake, I think it's best
if we do it down at the station.
Would you like to follow us there?
No, I'm afraid that's...
that's quite out of the question.
I can't just leave, I have work to do.
Plus, my wife has the car today, so...
Oh, that's okay, you can ride with us. Doc.
I'm sorry, you'll have to tell me again.
What is this all about?
Is this yours, Doctor?
So you have no idea how your penlight
showed up at the murder scene?
Of course not!
I have to ask.
What were you doing last night?
I was seeing someone.
Who?
Look, if you can't be honest with me...
I was visiting someone. It wasn't a patient. Alright?
What am I gonna do?

Well, as your lawyer and your friend,
my advice to you is to bite the bullet
and give them your alibi now.
Because no one is going to
believe you later.
That was five months ago.
He tried to set me up for murder.
Okay. We checked your alibi. It holds up.
Good! Can I go home now?
We have one of the victims
who managed to escape.
Want to know if you wouldn't mind sticking
around and listening to her testimony?
Maybe it'll trigger something.
I'd like to help, really, but...
Well, we'd really appreciate it.
She's the only one who made it.
Okay.
Amanda...
in your own time,
tell me the first thing you remember.
I woke up. All I could taste was blood.
And metal.
Hello, Amanda.
You don't know me, but I know you.
I want to play a game.
Here's what happens if you lose.
The device you're wearing
is hooked into your upper and lower jaws.
When the timer at the back goes off,
your mouth will be
permanently ripped open.
Think of it like a reverse bear trap.
Here, I'll show you.
There is only one key to open the device.
It's in the stomach of your dead cellmate.
Look around, Amanda.
Know that I'm not lying.
You better hurry up.
Live or die. Make your choice.
And then I saw the body.
There was a knife.
He'd been injected with an opiate overdose.
He couldn't move or feel much of anything.

You mean... he was alive?
Was.
What happened after you took it off?
Congratulations. You are still alive.
Most people are so ungrateful to be alive.
But not you. Not anymore.
You are, in fact, a drug addict.
Isn't that right, Mandy?
Do you think that is why he picked you?
Are you grateful, Mandy?
He... helped me.
Are you sure it's him?
Yeah, I'm sure.
How do I know you're telling the truth?
You can be the one that put me in this room!
I'm in exactly the same situation you're in.
Wrong. Wrong!
You've got one thing I don't: Information!
You know who did this!
Now you either tell me
what is really going on
or I'll cut you with this, you hear me?
I'll cut-
What?
It's a two-way mirror.
I can see you...
So that's what this is. Reality TV.
Don't look at me. I can't help you.
Can you hear me in there? Huh?
I'm having a blast.
This is the most fun I've had
without lubricant.
Make sure you're getting everything.
That's not going to do anything.
You just want to leave it running on us?
Well, you won't stop it.
That's why we can't cut
through these chains.
It's why you won't break that glass.
Every possible angle
has been pre-thought out by him.
You sound like you admire this prick.
To overcome something, you have
to understand what a perfect engine it is.

That's how you fight disease.
Now the tape told us to find an "X."
That "X" has to be somewhere in this room.
Help me find it.
How can you be the calm Doctor Guy
when your wife and kid are out there.
He's got them, too. He could be doing
anything to them right now.
Are you thinking about that?
I AM thinking about that.
I've been thinking
about the last thing I said to my daughter.
Diana, Honey, are you okay?
Diana, Honey, can you hear me?
Mommy?
Oh, what is it, sweet pea?
There's a man in my room.
Oh Honey, are you sure
he's not just hiding in your imagination?
He talked to me.
Okay, I'll come and check your room.
I want Daddy.
He'll get the scary man.
Alright, if you want. Come on.
Larry, sorry to bother you,
but your daughter had a bad dream again.
Just a minute.
She wants you to check her room.
Mmm hmm, mmm hmm, just gotta finish this paragraph.
You know what sweetie? I'll go check with you.
Nope! I'm done.
See? There's no one in your room.
There's no such thing as the bad man.
Now can you go to sleep?
I'm still scared.
You are?
Give me your tootsy.
Oh, what a big tootsy.
Remember this one?
"This little piggy went to market,
this little piggy stayed home,
this little piggy had roast beef,
this little piggy had none,
and this little piggy went "Weeee!"

all the way home!
I hate that thing.
Well I have to go to work, sweetheart.
You know what Daddy's job is like.
Now, come on.
Let's see.
Try and get some sleep now, okay?
You're not going to leave us,
are you, Daddy?
What?
What are you talking about?
You mean, leave you and Mommy?
No, no sweetheart, I would never do that.
Who gave you that idea?
No one.
Well it's not true, okay?
Okay.
How much do I love you?
Love you very much.
That's right, that's right!
Good night, sweetie.
Good night, Daddy.
Tomorrow, I'll read you your favorite story.
Okay.
Okay.
I don't know how much longer I can do this, Larry.
What, what are you talking about?
How can you walk through life
pretending that you're happy?
I am happy.
That is complete bullshit.
I'd rather you break down
and tell me that you hated me.
At least there'd be some passion in it.
Would you like to see her?
She's beautiful.
Thank you.
You gonna have any more kids?
We've talked about it, but uh,
with our schedules, it's difficult enough
to concentrate on one.
So where's the lucky wife?
There's another picture
behind the one you're looking at.

It's my favorite one
because we're all in it together.
Someone, usually me,
has to hold the camera,
which means I'm always missing
from the photos.
"X" Marks the spot. Sometimes you see more
with your eyes shut.
It's uh, it's not here.
What?
Uh, this photo you're talking about... it's not here.
Really? Are you sure?
Yeah.
He... he must have taken it. I...
How can you walk through life
pretending that you're happy?
I am happy.
That is complete bullshit.
I'd rather you break down
and tell me that you hated me.
At least there'd be some passion in it.
We can talk about this later, okay?
Just leave.
Goodnight, little girl.
Diana!?
Diana!
Don't do that! Leave her!
Get away from her!
Keep your motherfucking hands off of my daughter!
Who are you little man...
...I see you...
Does Dr. Gordon know
you're at home with his wife?
I know you know something.
What are you doing in there?
Waiting for the doctor?
I'm waiting for the doctor, too. Hmm.
I never should have let you go.
I never should've let you go...
Here we are.
That was uh, quite an amazing story
that poor woman told.
Look, I'm sorry I can't be of more help
to your investigation.

You know, we arrested a dentist last week
who like to play with kids a bit too much.
He lived two blocks from here.
The sewer lines
run under this neighborhood, too, Doctor.
Hello, Amanda.
You don't know me, but I know you.
I want to play a game.
Here's what happens if you lose.
There's a timer
at the back of the device you're wearing.
When the timer goes off,
your mouth will be
permanently ripped open.
I'll catch you guys down there.
Think of it like a reverse bear trap.
I'll show you...
Hey Tapp?
Mmm?
We're gonna go down to The Grill,
go get a beer. You wanna come?
I don't think so. Thanks anyway.
You know I always ask.
There is only one key...
I'll leave you to have fun up here.
It's in the stomach of your dead cellmate.
Hey Tapp?
I don't mean for this to be disrespectful...
Maybe you should find yourself a girlfriend.
It's in the stomach of your dead cellmate.
Look around, Amanda.
Know that I'm not lying.
You better hurry up.
Wait wait wait, Sing!
Get back here!
What?
Mmm!
What?
Remember 118th Street?
Ah... K2K.
That gang's territory
was only about four blocks.
Now listen to this.
We gotta check the records

from all fire emergencies
that occurred there in the last two weeks.
Go, right now! Mmm!
On the night of Tuesday, the 17th,
we got a fire alarm going off
in the rear wing of 213 Stygian Street.
It's an old listing.
Used to be a mannequin factory.
You think we have enough for a warrant, though?
Who said anything about a warrant?
Right now?
Why not?
Yeah, why not?
At least we'll have the cover of darkness.
Yeah, well, so will anybody else.
I got you...
What the hell is this?.....
Oh shit...
Oh fuck!
Wait Sing!
What?
Lets see what's he's gonna do.
Why? We've fucking got him.
We don't know what he looks like.
Lets see what he's gonna do.
No fucking way!
Sing, Sing!
Fuck that. I'm gonna take him.
Sing!
What the fuck? Shit!
Wait Sing, listen.
Awake already, Jeff?
I need more powerful tranquilizers
next time. Don't cry.
I've given your life a purpose.
You're a test subject
for something greater than yourself.
Freeze! Police!
Hold it right there! Don't move!
Put your fucking hands in the air!
Now you'll make a choice.
In 20 seconds,
the life of this man will be ended.
Shut up and get down here.

What did you do? Turn it off!
Sing, stop that thing!
I'm taking this bastard down.
Move!
How do you turn it off?!
Tell him how to stop it!
One key will unlock it.
Where is it?!
It's in the box.
Box!
Fuck! Which key, which key?!
Tell him which key it is!
Time is running out.
Shut up and get down here right now, asshole!
What's more important to you Officer,
arresting me
or the life of another human being?
Get down on your knees!
Jesus! Tapp! Tapp!
Hands behind your head! Sick bastard.
Yes, I am sick, Officer.
Tapp! It's like, there's a hundred keys in here!
Sick from the disease
eating away at me inside.
Sick of people
who don't appreciate their blessings.
Sick of those
who scoff at the suffering of others.
Sick of it all!
Tapp!!!
No, no! Tapp! Shit!
I'll be back, okay? I'll be back.
Freeze or I'll shoot!
Had you... had you on your knees.
You're running. You're running...
You're running scared because we had you.
I'm going to close this case. Ram close it.
Right Sing? Right? We're gonna close it, sing.
"X" Marks the spot... "X" Marks the spot...
we need to search this room again.
What are you doing over there?
Excuse me?
Just because I'm stuck
in this room with you

doesn't mean I have to report to you
every ten seconds.
I really don't see the point
in us not helping one another.
Well what do you want me to do? I'm on a leash.
That's exactly why we need to talk.
We need to think!
I am thinking!
Well then don't keep me in the dark
about what you're thinking!
Turn off the lights.
What?
Turn them off now, please!
Why?
Just turn them off for a second!
Jesus, behind you!
How come we didn't see that before?
The lights in here hadn't charged it.
It must be glow in the dark paint
or something.
Open it!
It's locked.
The key, the one from my envelope.
Where is it?
Where the fuck... Here.
Cell phone. The most beautiful invention
on this planet!
Make that second most beautiful invention!
Give me that.
Are you joking?
You're gonna put something we found
in this room in your mouth?
Yes, I'm willing to risk it!
Give me that sweet cancer.
I don't care, I really don't.
Give me one of those.
The cigarettes are harmless, I promise.
Smoking is only poisonous
when it ends in bloodshed.
Think about this-
you don't need a gun to kill Adam.
May I please have a cigarette?
I'm trying the police.
Shit.

This was meant to receive calls,
not make them.
Wait a minute... this has happened before.
Last night, after I finished at the hospital.
I was walking back to my car.
I thought I was alone,
but I'm sure someone else was there.
That... thing. It was waiting for me.
How did you know to turn off the lights?
Who cares? It worked.
Yeah, but how did you know?
Instinct.
Instinct?
Yeah.
You know what? You're a terrible liar.
You say that like you know me.
What else aren't you telling me?
Well, um, lets see.
On my sixth birthday,
my best friend at that time, Scott Tibbs,
stabbed me with a rusty nail.
I didn't tell you about that.
I didn't tell you my last girlfriend,
a feminist vegan punk,
broke up with me
because she thought I was too angry.
Uh, I haven't told you that one of my toenails is slightly...
Just stop it.
You knew to turn off these lights.
What-ever.
I'm dealing with a juvenile.
You wanna know?
Yeah!
Here it is.
Oh god...
W...where did you get this?
It was in your wallet,
behind the photo of your daughter.
W...why didn't you show me this before?
I couldn't.
I'm sorry.
What are you doing to them, you bastard?
Okay... okay..
Okay, I've got to think now...

Think about this...
you don't need a gun to kill Adam.
When there's that much poison
in your blood, the only thing left to do
is shoot yourself.
What are you doing?
Hey!
What the hell are you doing?
Adam, listen to me.
I want you to play along with me on this.
You got that?
So you uh, still want that cigarette?
Um... yeah, sure.
There! I've done it!
I've killed him with the poison,
just like you wanted.
Now where's my family?! Where are they?!
Jesus Christ!!
What?
I just got electrocuted!
What?
That was our way out!
Did you hear what I said?
Get this thing off me! Get it off!
Stop acting!
You think I would make that up
just to mess up
your stupid fucking charade?
All right, that's it!
Ah, damn it!!
I remember everything now.
I remember how I got here.
Great.
Is someone there?
I can hear you.
What the...?
Christ!
What the...
Who is that?! Who's in there?!
Come on out! I'll kill you, you motherfucker!
Who is this?
Daddy?
Diana?
Daddy, is that you?

Yeah baby, it's me. I'm here.
I'm scared, Daddy.
Don't worry honey,
everything's going to be okay.
Where's Mommy?
She's here with me.
Let me talk to her sweetie,
okay? Put Mommy on.
The bad man from my room is here.
He has us tied up
and he has a gun.
W...what man?
Please come home Daddy!
Hello? Hello? Diana?
Diana! Diana!
Larry?
Ally? Is that you?
Is Adam there?
How do you know?
Ally, what is going on?
Don't believe Adam's lies.
He knows you.
He knew all about you before today.
Hello? Ally? Ally?
Hello?
God damn you!
If you so much as lay a finger on them,
I'll kill you! You hear me?
You son of a bitch! I'll kill you!
Are they okay?
My wife, she uh, she mentioned your name.
What did she say?
She told me... not to believe you.
Believe me about what?
She told me you knew me.
Who are you?
You know who I am.
Stop the lies! You're a liar!
I need to know the truth!
I'm a liar?
What did you do last night, Lawrence?
Work at a hospital? Saving sick children?
You told me that after you left your house
last night, you went to work at a hospital.

That's because it's the truth.
No, it's not. Your wife is right, Larry.
You don't recall getting your picture taken
in that parking lot?
I can prove that you didn't go
anywhere near a hospital last night.
It's not the first time
I've done it either, Larry.
I've been taking pictures of you
for a few days now.
But... why?
You wanna know what I do? I get paid
to take pictures of rich guys like you
who go to seedy, out-of-the-way motels
to fuck their secretaries.
Last night I went to your house.
I watched you leave.
I followed you
all the way to that shitbag hotel.
You've uh, had these with you the whole time?
I found them, in there with the hacksaws.
I don't know how they got there.
Yeah, right. You're so full of it!
Aww, face it, Larry, we're both bullshitters.
But my camera isn't.
It doesn't know how to lie.
It only shows you what's put right in front of it.
Just out of curiosity,
what did you do in that motel room?
You got out of there pretty fast.
Why did you um, deem it necessary
to page me when you knew I was at home?
I didn't know if you were going to make it.
But I gave you a precise time
at which to page me.
You can't do that.
It's not like I know the rules
for this sort of stuff.
What's wrong, Dr. Gordon?
Look, it was wrong for me
to make you come here.
But I thought we-
-Please.
I'm sorry.

You tell anyone you were here?
No.
Hello?
It's for you.
For me?
Hello?
I know what you're doing... Doctor.
I-
I have to go.
What happened?
I've got to go.
Who was it?
Who was what?
The person who paid you to follow me,
who was it?
He calls himself Bob
and he gives me the money up front.
Two hundred bucks a night.
If I'd have known I was gonna end up here,
I would've asked for a hell of a lot more.
What does that mean?
Does that mean you saw what happened to me?
What I saw was you get into your car.
That's it.
I didn't ask your name.
I didn't know who you were.
I don't know how I got here,
I don't know how you got here.
I just took the shots
and went straight home to develop them.
Next thing I know, I'm chained to a pipe
in some prehistoric bathroom,
staring at the guy
I've been taking shots of all night.
Clearly, whoever paid you to take the pictures
of me is the one who put us in here.
Maybe.
Maybe? What do you mean maybe?
Of course it is! What did he look like?
I don't know, he was just a guy.
Was he tall, was he skinny, obese, what?
I don't take notes about his appearance.
You must remember something about him.
I can't.

You're telling me you don't remember a thing about the guy?
I told you, I-
Oh for fuck's sake! I give up!
He's a tall black guy,
he's got a scar around his neck, okay?
Tapp!
Detective Tapp!
Whoa, the guy who paid me to take these photos
was not a cop.
No, no, he was discharged
from the police force.
He broke down after his partner was killed,
but that didn't stop him from harassing me.
The guy became obsessed.
He's convinced himself that I must have
somehow been involved with the murders.
He's... he's crazy.
And you helped him.
You took money from him
to invade my privacy.
How could you do that?
Call it my need to eat.
Right, right.
You know what, Adam?
You're not a victim of this game,
you're a part of it.
Oh, really?
Obviously this cop thinks
you're the one behind it all.
I told you, he's not a cop.
He's a bottom feeder, just like you.
What are you more pissed off about?
The fact that I took some shots of you
or the fact that I took some shots
of you while you were cheating on your wife?
I did not cheat on her!!!
What do you care what I think anyway?
I don't give a crap if you covered yourself
in peanut butter
and had a 15-hooker gang bang!
How did I get here?
I had... I had everything in order.
My whole life was in perfect order.
Sweetheart, are you okay?

Mommy just needs you
to be really, really, really strong right now.
I'm not gonna let anybody hurt you.
You got that?
Okay, that's my good girl.
Hey, was there someone else
at your house last night
besides your wife and daughter?
No.
Well, there's someone here.
I know him. Zep!
His name is Zep.
He's an orderly at my hospital.
Zep. You perverted little psychopath.
I'm gonna take great pleasure
in seeing you pay for this!
You bastard fuck!
Look.
We're out of time.
Mommy, help me.
Dr. Gordon's time is up.
Now I've gotta do what I've gotta do, and...
I'm afraid it has to be you
that tells him he failed.
Is that you Zep, you bastard!?
I know it's you, you son of a bitch!
Larry?
Ally?
You failed.
Hello? Hello?
Don't move, stay on the ground.
Give me the phone.
Give it to me!
Larry?
Ally!
Honey, are you all right?
No!
No we're not... Get down!
Larry, where are you?
I don't know.
I'm being held captive in a room somewhere.
What? What are you talking about?
I'm so sorry, Ally.
Honey, we need you here.

I'm sorry for everything. It's my fault.
Please forgive me.
I've always been happy with you.
Mommy!
Ally!
Ally!
Mommy, help me!
Freeze!
What the fuck?
Mrs. Gordon?
Diana?!
I'm gonna kill your husband now,
Mrs. Gordon.
Lawrence!
Lawrence, get up!
Lawrence! Get up!
I need you!
Oh, thank God! I thought you were dead!
He... he electrocuted me...
I told you!
The same thing happened to me, see?
I wasn't lying, see?
FUCK THIS SHIT!!
No!!!!
Lawrence, calm down.
There must be a way out of this.
I can't be calm!
My family needs me!
No, God!
Lawrence, I have a family too!
I don't see them, that's my mistake.
It's a mistake I'd like to fix!
I'm gonna kill you you sick asshole!
Lawrence, stop it!
Lawrence, please calm down!
There's a way out of here, there's a way out!
Lawrence! No! Oh my God!
What are you doing?!
What are you doing?!
What are you...
Oh my God! Oh my god!
Lawrence don't!
No! Lawrence, please, I'm begging you!
Lawrence, it's not me who did this to you!

You have to die.
No, I want to live!
I'm sorry...
I want to live!
My family...
I've done it!
Now show them to me!
Thank you very much, Officer.
Larry?
Did you get through to him?
There's still no answer.
It's all right. I've called the police.
Everything's okay.
You bastard! I'll fucking kill you!
I'll fucking kill you! You fucking bastard!
I'll fucking kill you! You fucking bastard!
I'll fucking kill you! I'll fucking kill you!
You're too late.
Why?
It's the rules.
You're going to be all right.
You're just wounded in the shoulder.
I have to go and get help.
Don't leave me! No!
No!! No! No!
Lawrence! Lawrence!
Don't... don't worry, I'll bring someone back,
I promise.
Key... Key...
Hello Mr. Hindle.
or as they called you
around the hospital: Zep.
I want you to make a choice.
There's a slow-acting poison
coursing through your system
which only I have the antidote for.
Will you murder a mother and her child
to save yourself?
Dr. Gordon's time is up.
Mrs. Gordon?
Listen carefully, if you will. There are rules.
Why?
It's the rules.
The key to that chain is in the bathtub.

He's a very interesting person.
His name's John.
He has an inoperable frontal lobe tumor.
Sick from the disease
eating away at me inside.
Sounds like our friend Jigsaw.
Sick of people
who don't appreciate their blessings.
Looks like our guy likes to book
himself front row seats to his sick games.
Hello Mark,
Paul,
Amanda,
Zep,
Adam,
Dr. Gordon.
I want to play a game.
Most people are so ungrateful to be alive.
But not you. Not anymore.
Game over.
No! Don't!!!
